🔗 Portfolio

PROFILE

Full Stack Developer skilled in MERN Stack, Next.js, TypeScript, REST APIs, JWT Authentication, MongoDB, and responsive UI development. Familiar with AI integration, Git, AWS, and Vercel, focused on building scalable and high-performance web applications.

EXPERIENCE

Full Stack Developer Intern | Aikart

07/2026 – Present

- Developing scalable web applications using **Next.js, React.js, TypeScript, Node.js, and AWS**.
- Building and maintaining **REST APIs**, authentication, and database features.

Full Stack Developer Trainee | Sumago Infotech Pvt. Ltd

01/2024 – 07/2024

- Completed **6-month Full Stack Web Development** industrial training.
- Built MERN stack applications with secure **REST APIs**, **JWT** auth, and MongoDB integration.

TECHNICAL SKILLS

Languages

JavaScript(ES6+), Python, Java, HTML5, CSS3, C, C++

Backend

Node.js, Express.js, REST API, JWT Authentication, Role-Based Control (RBAC), Authentication & Authorization, API Integration, Zod

AI & Integration

FastAPI, AI Integration, Google OAuth, Gemini API,

Frontend

React.js, Tailwind CSS, HTML5, CSS, Responsive Design, Next.js, Responsive Web Design, Zustand

Database

MongoDB, MySQL, Mongoose, PostgreSQL

DevOps & Tools

Docker, Render, Git, GitHub, Postman, Socket.IO, Vercel, VS Code, Linux, Railway

PROJECTS

Advance Hospital Appointment Booking System | Live Demo

08/2026

- Built a **full-stack hospital management platform** with patient, doctor, and admin portals,
- supporting **online/offline** appointment booking, and **secure payments**.
- Implemented **JWT** authentication, **Google OAuth**, **email OTP** verification, **RBAC**, **appointment scheduling**, **Razorpay integration**, and **PDF** report generation.

Smart Civic Complaint Management System | Git

01/2026

- an **AI-powered civic complaint management platform** with role-based access.
- Integrated **AI-based complaint classification**, with priority, category classification

Real-Time Chat Application | Git

03/2025

- Built a **real-time chat application** with secure user authentication.
- Implemented Socket.IO for instant messaging and online/offline user presence.

EDUCATION

Bachelor of Engineering - Computer Science & Engineering

2025 – 2027

Prof. Ram Meghe College of Engineering & Management, Amravati

Diploma in Information Technology

2022 – 2024

Government Polytechnic, Nashik

CERTIFICATIONS

Full Stack Development

Issuer: Sumago

Ethical Hacking Virtual Internship

Issuer: AICTE
